India / Singapore

Producer trained at Whistling Woods International (MA Filmmaking — Producing), now studying global finance at SP Jain School of Global Management. Produced the short film ASTER — seven locations in four shoot days — and coordinated production on DEATH AT THE HOUSE OF PURPLE, across four constructed sets and a controlled hut-fire sequence. Plans and runs weddings and live events in the family business. Works on both sides of a production: the schedule, the crew and the set, and the budget, the market and the analysis behind them.

EXPERIENCE
